

amp three

b a s s
solutions
advanced level

„amp three“ follows the concept of „amp one“ being small, rich and powerful based on a one way speaker-system. It also offers a superb mix between size and power and features for professional use.

Equipped with 2 x 8“ heavy duty bass-speakers, it enhances the low mids and offers a more open, transparent tone with the necessary strength and focus to cut through.

- single channel bass combo
- 200 watts, dynamic control
- 2 x 8“ heavy-duty bass-speakers
- compressor with adjustable ratio and threshold
- 13,50 kg (29.50 lbs)
